

Why I want the role:

- I enjoyed organising several cocktail nights in college as well as helping out with bops last year and would like to do it myself
- I helped out in Fresher's Week quite a bit and saw some areas for improvement which I would like to tackle
- I want to make sure that everyone else has as much fun as they can in Cambridge

Why I should be Ents:

- I am well-organised, fun and outgoing, all of which would be good things to bring to the role
- As an arts student I have considerable amounts of free time, allowing me to organise more events around college
- I have several plans to make your time at Pembroke even more enjoyable

What I would do:

- More events during term, not just at the start and end – particularly on weekends when there are not a huge amount of opportunities to go out
- More daytime activities during Fresher's Week
- More events in the New Cellars such as music nights, cocktail nights & stand-up comedy
