

WIRAAJ AGNIHOTRI

for

Internationals Officer

Why I am suited for the role:

- I've lived in Australia, India & Singapore, and went to an international school for 11 years
- I've experienced the **difficulties of settling into university life** as an international student
- I'm keen on learning about and getting involved in the multiplicity of cultures here at Pembroke

What I propose to do as Internationals Officer:

- Organise social events, such as **international film, cuisine & music** nights for **both international and home students**
- Help next year's Freshers settle into life in Cambridge, by assisting with **bank accounts, phone plans & other essentials**
- Encourage involvement in **University-wide activities**, for example iCUSU events, the Languages Centre and swaps with other colleges & cultural societies

Pembroke is a friendly and international college — as your Internationals Officer, I want to contribute to the wonderful and diverse community we have here.
