

# ROSE HILLS LGBT...

More informal, low-key events to encourage a less intimidating atmosphere

Continuing Pembroke's tradition of absolutely confidential & discreet welfare—as an English student I'll have lots of time!

Facebook page which people can go on in order to be assigned a rep, from another college, to approach about sexuality/gender issues, therefore avoiding the problem of gossip in college

Broadening the focus of LGBT to international issues, such as supporting Amnesty with their campaigns against Homophobia in Uganda and elsewhere

EQUAL LOVE!
