- VI. AOB
 - a. Mess in the bar toilets must be dealt with; we intend to threaten students in order to enhance accountability.
 - b. To grow the bar staff, we could ask grads to work on a limited basis – with Derek's approval.
 - c. Bar should have one special late night a week (How do we effect this?).
 - d. We'd like the bar to have drink specials; Paul would like bikini-clad leggy blondes to serve these special drinks (with the Womens' Officer's approval, of course).
 - e. **ACTION POINT:** Hostels maintenance issues to be mentioned by **Susie Vernon** at ConCom.
 - i. The college should notify students as to when they could expect maintenance teams to be working on their hostel. Unexpected visits prompted security concerns over entrance to the hostels.
 - ii. Should mention at ConCom that too often staff knock and enter without waiting to hear a response; leads to awkward moments.
 - f. Bop security needs to be strengthened in order to prevent crashers from getting a free night.
 - g. The Treasurer and another officer must confirm the take from each bop.

Meeting closed far too long after it opened.
